

RIGHT SOLUTION FOR YOUR **LED LIGHTING**

OUTDOOR

CONSTANT CURRENT

WHO WE ARE?

LUXATOR is an international company that manufactures and sells LED drivers and power supply for LED lights, and also works in the field of lighting technology and specializes in energy-efficient components and systems solutions for lighting and lighting control.

LUXATOR LED drivers are designed to create high-quality, energy-efficient professional lighting systems with a long life.

We offer a wide range of LED drivers for both outdoor and indoor lighting as well as a great range of managed and unmanaged drivers, which can be used to create both simple local lighting systems as well as large-scale intelligent lighting systems.

Our independence and competence in the sphere of lighting components, electronics and control systems are used to support our customers as they provide a true freedom of choice.

Our customer base consists of lighting manufacturers, electrical and lighting engineering designers, contractors and specialists in purchasing. LUXDATOR is an independent partner that strives for long-term co-operation with its clients.

КТО МЫ?

LUXDATOR — это международная компания, которая производит и реализует LED драйверы и питание для светодиодов, а также работает в сфере технологий освещения и специализируется на энергоэффективных компонентах и решениях систем освещения и управления освещением.

LED драйверы LUXDATOR разработаны для создания высококачественных, энергоэффективных профессиональных осветительных установок с длительным сроком службы.

Мы предлагаем широкий ассортимент LED драйверов как для наружного, так и для внутреннего освещения. А также большой выбор управляемых и не управляемых драйверов, с помощью которых можно создать как простые локальные осветительные системы, так и масштабные интеллектуальные системы освещения.

Наша независимость и компетентность в сфере осветительных компонентов, электроники и систем управления служат на пользу нашим клиентам, поскольку обеспечивают истинную свободу выбора.

Наша клиентская база — это производители светильников, дизайнеры электрических и осветительных изделий, подрядчики и специалисты по закупкам. Компания LUXDATOR является независимым партнером, который стремится к долгосрочному сотрудничеству с клиентами.

KDO JSME?

LUXDATOR je mezinárodní společnost, která vyrábí a prodává LED trafa a napájení pro světelné diody a rovněž pracuje v oblasti technologií osvětlení a specializuje se na energeticky efektivní komponenty a řešení systémů osvětlení a ovládání osvětlení.

LED trafa LUXDATOR jsou určeny k vytvoření vysoké kvalitních, energeticky efektivních profesionálních systémů osvětlení s dlouhou životností.

Nabízíme široký sortiment LED traf jak pro venkovní, tak pro vnitřní osvětlení a také velkou škálu řízených a neřízených LED traf, s jejichž pomocí lze vytvořit jak jednoduché lokální systémy osvětlení, tak rozsáhlé intelligentní systémy osvětlení.

Naši nezávislost a kompetentnost ve sféře osvětlovacích komponentů, elektroniky a řídicích systémů využíváme ve prospěch našich klientů, jelikož poskytují skutečnou svobodu volby.

Naše zákaznická základna, to jsou výrobci svítidel, designéři elektrické a osvětlovací techniky, dodavatelé a specialisté na výkup. Společnost LUXDATOR je nezávislým partnerem, který usiluje o dlouhodobou spolupráci s klienty.

■ Description

- ✓ Wide Input Voltage: 90~305Vac
- ✓ High Efficiency up to 90.0%
- ✓ APFC (Active Power Factor Correction): 0.99 Typical
- ✓ All-Around Protection: OVP/OTP/SHORT
- ✓ Lighting Protection
- ✓ Waterproof: IP67
- ✓ 100% Full Load Aging Test for 4 Hours @Ta=45°C
- ✓ Safety Design Compliant to UL8750/IEC61347
- ✓ Thermal Optimized Aluminum Case with Potting
- ✓ ROHS, CE (LVD+EMC), FCC, CCC Certification

■ Application

Outdoor Applications: Street Light, Tunnel Light, Landscape Light, Garden Light and others

■ Model Selection

	Net Weight	940g							

Notes:

[1] Measured at full load and 220Vac in the thermal balanced condition.

[2] The result differs according to different LED load characteristic.

[3] Please confirm working conditions according to the derating curve of output power vs. input voltage and temperature. Beyond the safety work condition will not be recommended.

[4] All the test results are measured in the 25DegC room temperature, if the low and high temperature performance test results are required; please contact with the sales and technical support team, the contact is listed in the last page.

■ Description

- ✓ Wide Input Voltage: 90~305Vac
- ✓ High Efficiency up to 93.0%
- ✓ APFC (Active Power Factor Correction): 0.99 Typical
- ✓ All-Around Protection: OVP/OTP/SHORT
- ✓ Programmable Timing Dimming
- ✓ Lighting Protection
- ✓ Waterproof: IP67
- ✓ 100% Full Load Aging Test for 4 Hours @Ta=45°C
- ✓ Safety Design Compliant to UL8750/IEC61347
- ✓ Thermal Optimized Aluminum Case with Potting

■ Application

Outdoor Applications: Street Light, Tunnel Light, Landscape Light, Garden Light and others

■ Model Selection

	Output Overshoot	10%Io max & LED Load
Protection	Output Over Voltage	120% Vomax, typ.
	Input Under Voltage	Shut Down When Vmains≤85±5Vac; Auto Recovery When Vmains≥90±5Vac
	Over Temperature	Lower the output current when Tc≥110±5°C; Auto Recovery When Tc≤70±5°C
	Short Circuit	Auto recovery. The output recovers when short is removed.
Environmental Condition	Operating Temperature	-40°C~+70°C ; 10%RH~100%RH (See Derating Curve for more details) ^[3]
	Storage Temperature	-40°C~+85°C; 5%RH~100%RH
Others	MTBF	≥280,000 hours, measured at 110 Vac input, 80% load and 25°C ambient temperature(MIL-HDBK-217F)
	Lifetime	≥50,000 hours, measured at 110 Vac input, 80% load and 45°C ambient temperature
	Dimensions	Inch (LxWxH) 9.92/8.86X3.54X1.65 Millimeter (LxWxH) 252/225 x 90 x 42
	Net Weight	1000g

Notes:

[1] Measured at full load and 220Vac in the thermal balanced condition.

[2] The result differs according to different LED load characteristic.

[3] Please confirm working conditions according to the derating curve of output power vs. input voltage and temperature. Beyond the safety work condition will not be recommended.

[4] All the test results are measured in the 25DegC room temperature, if the low and high temperature performance test results are required; please contact with the sales and technical support team, the contact is listed in the last page.

■ Description

- ✓ Wide Input Voltage: 90~305Vac
- ✓ High Efficiency up to 94.0%
- ✓ APFC (Active Power Factor Correction): 0.99 Typical
- ✓ 0-10V/PWM/Resistor/Time 4 in 1 Dimmable
- ✓ Programmable Output Current with Constant Wattage Design
- ✓ Lightning Protection 6kV
- ✓ Waterproof: IP67
- ✓ 100% Full Load Aging Test for 4 Hours @Ta=45°C
- ✓ Safety Design Compliant to UL8750/IEC61347
- ✓ Thermal Optimized Aluminum Case with Potting

■ Application

Outdoor Applications: Street Light and High Bay

	Leakage Current	1mAmax @277Vac 60Hz, UL8750 0.75mAmax @240Vac 50Hz, IEC61347-1
Output	Current Accuracy	±5%Io
	Ripple Current ^[2]	Ip-p:5%Io LED 60%~100% Load
	Setup Time	1.2s max
	Output Overshoot	10%Io max & LED Load
Protection	Output Over Voltage	110% Vomax
	Input Under Voltage	Shut Down When Vmains≤85±5Vac; Auto Recovery When Vmains≥90±5Vac
	Over Temperature	Decrease output current until over temperature state is removed
	Short Circuit	Auto recovery. The output recovers when short is removed.
Environmental Condition	Operating Temperature	-40°C~+70°C; 10%RH~100%RH (See Derating Curve for more details) ^[3]
	Storage Temperature	-40°C~+85°C; 5%RH~100%RH
Others	MTBF	≥300,000 hours, measured at 110Vac input, 80% load and 25°C ambient temperature(MIL-HDBK-217F)
	Lifetime	≥50,000 hours, measured at 110Vac input, 80% load and 75°C Case temperature ^[4]
	Case Temperature	90°Cmax ^[5]
	Dimensions	Inch(L x W x H)
		7.64x2.66x1.48
	Net Weight	940g

Notes:

[1] Unless specified, all the test results are measured in the 25DegC room temperature.

[2] The result differs according to different LED load characteristic.

[3] Please confirm working conditions according to the derating curve of output power vs. input voltage and temperature. Beyond the safety work condition will not be recommended.

[4] refer to Lifetime vs. Tc curve .

[5] Tc point is marked on the product label. The label is also listed in the specification for approval.

■ Description

- ✓ Wide Input Voltage: 90~305Vac
- ✓ High Efficiency up to 93.0%
- ✓ APFC (Active Power Factor Correction): 0.99 Typical
- ✓ 0-10V/PWM/Resistor/Time 4 in 1 Dimmable
- ✓ Programmable Timing Dimming
- ✓ Lighting Protection
- ✓ Waterproof: IP67
- ✓ 100% Full Load Aging Test for 4 Hours @Ta=45°C
- ✓ Safety Design Compliant to UL8750/IEC61347
- ✓ Thermal Optimized Aluminum Case with Potting

■ Application

Outdoor Applications: Street Light, Tunnel Light, Landscape Light, Garden Light and others

■ Model Selection

[1] Measured at full load and 220Vac in the thermal balanced condition.

[2] The result differs according to different LED load characteristic.

[3] Please confirm working conditions according to the derating curve of output power vs. input voltage and temperature. Beyond the safety work condition will not be recommended.

[4] All the test results are measured in the 25DegC room temperature, if the low and high temperature performance test results are required; please contact with the sales and technical support team, the contact is listed in the last page.

■ Description

- ✓ Wide Input Voltage: 176~305Vac
- ✓ High Efficiency up to 93.0%
- ✓ APFC (Active Power Factor Correction): 0.99 Typical
- ✓ 0-10V/PWM/Resistor/Time 4 in 1 Dimmable
- ✓ Programmable Timing Dimming
- ✓ Lighting Protection
- ✓ Waterproof: IP67
- ✓ 100% Full Load Aging Test for 4 Hours @Ta=45°C
- ✓ Safety Design Compliant to UL8750/IEC61347
- ✓ Thermal Optimized Aluminum Case with Potting

■ Application

Outdoor Applications: Street Light, Tunnel Light, Landscape Light, Garden Light and others

■ Model Selection

	Dimensions	Inch(L x W x H)	5.71x2.66x1.48
		Millimeter(L x W x H)	145.0x67.5x37.5
Net Weight		720g	

Notes:

[1] Unless specified, all the test results are measured in the 25DegC room temperature.

[2] The result differs according to different LED load characteristic.

[3] Please confirm working conditions according to the derating curve of output power vs. input voltage and temperature. Beyond the safety work condition will not be recommended.

[4] refer to Lifetime vs. Tc curve .

[5] Tc point is marked on the product label. The label is also listed in the specification for approval.

■ Description

- ✓ Wide Input Voltage: 90~305Vac
- ✓ High Efficiency up to 91.0%
- ✓ APFC (Active Power Factor Correction): 0.99 Typical
- ✓ All-Around Protection: OVP/OTP/SHORT
- ✓ Programmable Timing Dimming
- ✓ Lighting Protection
- ✓ Waterproof: IP67
- ✓ 100% Full Load Aging Test for 4 Hours @Ta=45°C
- ✓ Safety Design Compliant to UL8750/IEC61347
- ✓ Thermal Optimized Aluminum Case with Potting
- ✓ ROHS, CE (LVD+EMC), FCC, CCC Certification

■ Application

Outdoor Applications: Street Light, Tunnel Light, Landscape Light, Garden Light and others

■ Model Selection
